Photos Needed!

Collie Calendars 2016

We need your help!

We need quality photos for our popular NorCal Collie Rescue Calendars. You still have until the end of September to send your photo submissions to [Andrea Moss](#).

Due date for consideration--Sept. 30, 2015.

Traditionally, we produce four calendars:

- Collie Portraits
- Collie Fun
- Collies with Friends
- Rainbow Bridge

If we have enough *quality* submissions for other calendars—Scenery, Puppy—we will add more. Last year we had eight! Check them out at our [Cafe Press](#) store.

Photos need to be good quality and large enough (at least 500kb) to format for our calendars. (Reminder--just because a photo looks good on your smart phone or computer does not mean it is suitable for print. Additional info on size [HERE](#).)

Horizontal photos work best. Please, no humans. The collies need to have a good expression and look presentable. Many people buy our calendars—we even have international fans!

We prioritize submissions. NCR rescue collies have priority and then other rescue collies or collies of rescuers, volunteers, and donors.

Fifty percent of all sales purchased through [our store](#) goes directly to helping NCR collies in need. Calendars are also a great way to showcase the wonderful lives our rescue collies go on to lead in their furever homes.

Send calendar questions and submissions to [Andrea Moss](#).

Even collies can lose their way when neglected, abused, or unsocialized. The Cathy Toft Memorial Fund assists NCR caregivers with professional help for dogs with severe behavioral challenges to further their chances of adoption. When donating to this fund, be sure to designate for the Cathy Toft Memorial Fund.
